Loyola INSTITUTE OF TECHNOLOGY AND SCIENCE

(Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai)
Loyola Nagar, P.B. No. 2, Thovalai Post – 629 302, Kanyakumari Dist. Tamilnadu

MASTER TIME TABLE (2023-2024 ODD SEMESTER)

Column groups: **B.E** — I Year (Sec A–F), II Year (CSE, IT, ECE, EEE, AGRI, MECH, BME, AD), III Year (CSE, IT, ECE, RM, EEE, BME, CIVIL, MECH), IV Year (CSE, IT, ECE, EEE, CIVIL, MECH-A, MECH-B); **ME** — I Year (CSE); **INTG MBA** — I Year, II Year, III Year, IV Year, V Year; **MBA** — I Year, II Year.

Day/Per	Sec A	Sec B	Sec C	Sec D	Sec E	Sec F	CSE(II)	IT(II)	ECE(II)	EEE(II)	AGRI	MECH(II)	BME(II)	AD	CSE(III)	IT(III)	ECE(III)	RM	EEE(III)	BME(III)	CIVIL(III)	MECH(III)	CSE(IV)	IT(IV)	ECE(IV)	EEE(IV)	CIVIL(IV)	MECH-A	MECH-B	ME-CSE	INTG I	INTG II	INTG III	INTG IV	INTG V	MBA I	MBA II
D1 P1	Problem Solving and Python Programming	Engineering Physics	Engineering Chemistry	Matrices and Calculus	Professional English I	Tamil	Discrete Mathematics	Digital Principles and Computer Organization	Control System	Probability and Complex Functions	Theory of Machines	Engineering Mechanics	Object Oriented Programming	Digital Principles and Computer Organization	Compiler Design Laboratory	Cloud Computing	Wireless Communication	Computer Aided Inspection and Testing	Power Electronics	Embedded Systems and IOMT	Design of Reinforced Concrete Structural Elements	Automobile Engineering	Principles Of Management	Principles Of Management	Antennas and Microwave Engineering	High Voltage Engineering	Estimation,Costing and Valuation Engineering	Process Planning & Cost Estimation	Power Plant Engineering	Advanced Data Structures and Algorithms Laboratory	PCB Technologies Laboratory	Blockchain Technologies Laboratory	Foundation of Management	Business Statistics II	Operations Management II	Banking Financial Services Management	Strategic Human Resource Management
D1 P2	Problem Solving and Python Programming Laboratory	Tamil	Professional English I	Matrices and Calculus	Engineering Physics	Physics-Chemistry Laboratory	Digital Principles and Computer Organization	Discrete Mathematics	Digital Systems Design	Digital Logic Circuits	Fourier Series and Linear Programming	Fluids Mechanics and Machinery	Electric Circuit Analysis	Database Design and Management	Compiler Design Laboratory	Full stack Web Development	Radar Technology	CNC Machine Tools and Programming	Hybrid Energy Technology	Biomaterials	Structural Analysis 1	Refrigeration and Air Conditioning	Cryptography and Network Security	Cryptography and Network Security	Embedded Laboratory	Total Quality Management	Estimation,Costing and Valuation Engineering	Mechatronics	Power Plant Engineering	Advanced Data Structures and Algorithms Laboratory	Sensors and Actuators	Blockchain Technologies Laboratory	Indian Economy	Cost Accounting	Applied Operation Research II	Income Tax	Organizational Design Change and Development
D1 P3	Problem Solving and Python Programming Laboratory	Professional English I	Problem Solving and Python Programming	Problem Solving and Python Programming	Engineering Chemistry	Physics-Chemistry Laboratory	Data Science Laboratory / Data Structures Laboratory	Object Oriented Programming Laboratory / Data Structures Laboratory	Signals and Systems	Electromagnetic Fields	Fluid Mechanics and Pumps	Transforms and Partial Differential Equations	Object Oriented Programming Laboratory / Sensors and Measurement Laboratory	Artificial Intelligence Laboratory	Computer Networks	Computer Networks	Transmission Lines and RF Systems	Robot and Machine Elements Design	Control Systems	Diagnostic and Therapeutic Equipment	Foundation Engineering	Metrology and Measurements	Cloud Computing	Cloud Computing	Embedded Laboratory	Power System Operation and Control	Railways,Airports, Docks and Harbour Engineering	Non Destructive & Testing Evaluation	Non Destructive & Testing Evaluation	Advanced Data Structures and Algorithms	Cloud Computing Techologies	Security Practices	Professional English I	Managerial Economics I	Data Analysis Laboratory I	Strategic Management	Strategic Management
D1 P4	Problem Solving and Python Programming Laboratory	Matrices and Calculus	Engineering Physics	Professional English I	Matrices and Calculus	Physics-Chemistry Laboratory	Data Science Laboratory / Data Structures Laboratory	Object Oriented Programming Laboratory / Data Structures Laboratory	C Programming and Data Structures	Electronic Devices and Circuits	Surveying and Levelling	Transforms and Partial Differential Equations	Object Oriented Programming Laboratory / Sensors and Measurement Laboratory	Artificial Intelligence Laboratory	Distributed Computing	Neural Networks and Deep Learning	Wireless Sensor Network Design	Embedded Systems and Programming	HVDC and FACTS	Hospital Management	Construction Equipment and machinery	Construction Equipment and Air Conditioning	Human Computer Interaction	Supply Chain Management	Embedded Laboratory	Renewable Energy Systems	Green Building Design	Power Plant Engineering	Robotics	Research Methodology and IPR	VLSI	Data Visualization Techniques	Business Mathematics	Marketing Management 1	Data Analysis Laboratory I	Financial Management II	International Business
D1 P5	Matrices and Calculus	Physics-Chemistry Laboratory	Matrices and Calculus	Engineering Physics	Problem Solving and Python Programming Laboratory	Training	Object Oriented Programming	Data Science Laboratory / Data Structures and Algorithms Laboratory	Electronic Devices and Circuits Laboratory	Digital Systems Design Laboratory	Fluid Mechanics Laboratory	Computer Aided Machine Drawing	Transforms and Partial Differential Equtions	Design and Analysis of Algorithms	Web Technologies	Distributed Computing	VLSI Laboratory	Robot Path Planning and Programming	Power Electronics	Embedded Systems and IOMT Laboratory	Advanced Construction Techniques	Power Plant Engineering	Security Laboratory /Cloud Computing Laboratory	Human Computer Interaction	Optical Communication	Disaster Management	Structural Design and Drawing	Technical Seminar	Simulation & Analysis Laboratory	Simulation & Analysis Laboratory	Applied Probability and Statistics	Project Work 1	Principles Of Accounting	Management Information System	Business Policy	Labour Legislations	Security Analysis and Portfolio Management
D1 P6	Engineering Physics	Physics-Chemistry Laboratory	Matrices and Calculus	Tamil	Problem Solving and Python Programming Laboratory	Engineering Chemistry	Foundations of Data Science	Data Science Laboratory / Data Structures and Algorithms Laboratory	Electronic Devices and Circuits Laboratory	Digital Systems Design Laboratory	Fluid Mechanics Laboratory	Computer Aided Machine Drawing	Anatomy and Human Physiology	Design and Analysis of Algorithms	Compiler Design Neural Networks and Deep Learning	Embedded Systems and IoT	VLSI Laboratory	computer Integrated Manufacturing	Power Quality	Embedded Systems and IOMT Laboratory	Construction Equipment and machinery	Design of Machine Elements	Security Laboratory /Cloud Computing Laboratory	Cloud Computing	Adhoc and Wireless Sensor Networks	Total Quality Management	Structural Design and Drawing	Technical Seminar	Simulation & Analysis Laboratory	Database Practices	Business Statistics II	Project Work 1	Foundation of Management	Business Statistics II	Seminar VI	Seminar	Training
D1 P7	Professional English I	Physics-Chemistry Laboratory	Training	Professional English I	Problem Solving and Python Programming Laboratory	Matrices and Calculus	Foundations of Data Science	Data Science Laboratory / Data Structures and Algorithms Laboratory	Digital Systems Design Laboratory	C Programming and Data Structures	Fluid Mechanics Laboratory	Training	Fundamentals of Electronic Devices and Circuits	Design and Analysis of Algorithms	Neural Networks and Deep Learning	Training	VLSI Laboratory	Embedded Systems and Programming	HVDC and FACTS	Training	Training	Design of Machine Elements	Security Laboratory /Cloud Computing Laboratory	Training	Training	Training	Training	Training	Simulation & Analysis Laboratory	Database Practices	Project Work 1	Project Work 1	Training	Training	Training	Training	Industrial Relations and Labour Welfare
D2 P1	Matrices and Calculus	Engineering Physics	Professional English I	Professional English I	Matrices and Calculus	Professional English I	Data Structures	Digital Principles and Computer Organization	Digital Systems Design	Digital Logic Circuits	Fourier Series and Linear Programming	Engineering Mechanics	Electric Circuit Analysis	Discrete Mathematics	Neural Networks and Deep Learning Laboratory	Full stack Web Development	Radar Technology	CNC Machine Tools and Programming	Hybrid Energy Technology	Patient Safety,Standards and Ethics	Design of Reinforced Concrete Structural Elements	Design of Machine Elements	Supply Chain Management	Security Laboratory /Cloud Computing Laboratory	Robotics	High Voltage Engineering	Estimation,Costing and Valuation Engineering	Non Destructive & Testing Evaluation	Power Plant Engineering	Advanced Data Structures and Algorithms	PCB Design	Blockchain Technologies Laboratory	Indian Economy	Cost Accounting	Applied Operation Research II	Income Tax	Organizational Design Change and Development
D2 P2	Tamil	Training	Matrices and Calculus	Physics-Chemistry Laboratory	Professional English I	Problem Solving and Python Programming	Discrete Mathematics	Data Structures and Algorithms	Control System	Probability and Complex Functions	Surveying and Levelling	Engineering Materials and Metallurgy	Sensors and Measurements	Design and Analysis of Algorithms	Neural Networks and Deep Learning Laboratory	Distributed Computing	Wireless Communication	Computer Aided Inspection and Testing	Power Electronics	Hospital Management	Climate Change Adaptation and Mitigation	Automobile Engineering	Principles Of Management	Security Laboratory /Cloud Computing Laboratory	Antennas and Microwave Engineering	Renewable Energy Systems	Estimation,Costing and Valuation Engineering	Robotics	Process Planning & Cost Estimation	Advanced Data Structures and Algorithms	PCB Laboratory	Blockchain Technologies Laboratory	Basic Psychology	Business Statistics II	Principles of Insurance	Research Methodology	Merchant Banking and Financial Services
D2 P3	Engineering Physics	Matrices and Calculus	Engineering Physics	Physics-Chemistry Laboratory	Matrices and Calculus	Problem Solving and Python Programming Laboratory	Data Science Laboratory / Data structures Laboratory	Foundations of Data Science	Electronic Devices and Circuits	C Programming and Data Structures	Principles of Soil Science and Engineering	Engineering Thermodynamics	Fundamentals of Electronic Devices and Circuits / Sensors and Measurements	Artificial Intelligence Laboratory	Computer Networks	Full stack Web Development Laboratory	Transmission Lines and RF Systems	computer Integrated Manufacturing	Power Quality	Diagnostic and Therapeutic Equipment	Structural Analysis 1	Refrigeration and Air Conditioning	Cryptography and Network Security	Human Computer Interaction	Embedded and Real Time Systems	Disaster Management	Railways,Airports, Docks and Harbour Engineering	Power Plant Engineering	Robotics	Applied Probability and Statistics	VLSI	Internet of Things and Cloud	Foundation of Management	Management Information System	Banking Theory and Practices	Data Analysis Laboratory II	International Business
D2 P4	Engineering Chemistry	Professional English I	Tamil	Physics-Chemistry Laboratory	Training	Problem Solving and Python Programming Laboratory	Data Science Laboratory / Data structures Laboratory	Discrete Mathematics	Random Processes and Linear Algebra	Electrical Machines 1	Fluid Mechanics and Pumps	Engineering Mechanics	Fundamentals of Electronic Devices and Circuits / Sensors and Measurements	Artificial Intelligence Laboratory	Cryptography and Cyber Security	Full stack Web Development Laboratory	Wireless Sensor Network Design	Embedded Systems and Programming	Power System Analysis	Hospital Management	Climate Change Adaptation and Mitigation	Design of Machine Elements	Cloud Computing	Supply Chain Management	Adhoc and Wireless Sensor Networks	Power System Operation and Control	Green Building Design	Process Planning & Cost Estimation	Robotics	Advanced Data Structures and Algorithms	PCB Design	Data Visualization Techniques	Business Mathematics	Business Law I	Environmental Science and Engineering	Data Analysis Laboratory II	Stress Management	Financial Management
D2 P5	Training	Problem Solving and Python Programming Laboratory	Physics-Chemistry Laboratory	Problem Solving and Python Programming Laboratory	Tamil	Engineering Physics	Object Oriented Programming	Data Science Laboratory / Data Structures and Algorithms Laboratory / Electronic Devices and Circuits Laboratory	C Programming and Data Structures Laboratory / Electronic Devices and Circuits Laboratory	Electrical Machines Laboratory 1	Surveying and Levelling Laboratory	Manufacturing Technology Laboratory	Transforms and Partial Differential Equtions	Data Exploration and Visualization	Distributed Computing	Computer Networks	VLSI Laboratory	Robot and Machine Elements Design	Control and Instrumentation Laboratory	Embedded Systems and IOMT Laboratory	Foundation Engineering	Metrology And Dynamics Laboratory	Security Laboratory /Cloud Computing Laboratory	Cloud Computing	Embedded and Real Time Systems	Power System Simulation Laboratory	Structural Design and Drawing	Simulation & Analysis Laboratory	Mechatronics Laboratory	Applied Probability and Statistics	Project Work 1	Project Work 1	Professional English I Language Laboratory	Computer Skills II Laboratory	Organizational Behaviour	Financial Management II	Statistics for Management	Banking and Financial Services
D2 P6	Professional English I	Problem Solving and Python Programming Laboratory	Physics-Chemistry Laboratory	Training	Engineering Physics	Tamil	Digital Principles and Computer Organization	Data Science Laboratory / Data Structures and Algorithms Laboratory / Electronic Devices and Circuits Laboratory	C Programming and Data Structures Laboratory / Electronic Devices and Circuits Laboratory	Electrical Machines Laboratory 1	Surveying and Levelling Laboratory	Manufacturing Technology Laboratory	Anatomy and Human Physiology	Data Exploration and Visualization	Distributed Computing	Computer Networks	VLSI Laboratory	CNC Machine Tools and Programming	Control and Instrumentation Laboratory	Embedded Systems and IOMT Laboratory	Construction Equipment and machinery	Metrology And Dynamics Laboratory	Security Laboratory /Cloud Computing Laboratory	Cryptography and Network Security	Robotics	Power System Simulation Laboratory	Structural Design and Drawing	Simulation & Analysis Laboratory	Mechatronics Laboratory	Network Technologies	Project Work 1	Project Work 1	Professional English I Language Laboratory	Computer Skills II Laboratory	Banking Theory and Practices	Strategic Management	Accounts For Decision Making	Industrial Relations and Labour Welfare
D2 P7	Problem Solving and Python Programming	Physics-Chemistry Laboratory	Engineering Physics	Engineering Chemistry	Training	Training	Data Science Laboratory / Data Structures and Algorithms Laboratory	C Programming and Data Structures	Electronic Devices and Circuits	Surveying and Levelling	Training	Manufacturing Processes	Fundamentals of Electronic Devices and Circuits	Data Exploration and Visualization	Training	Training	VLSI Laboratory	Embedded Systems and Programming	Control and Instrumentation Laboratory	Embedded Systems and IOMT Laboratory	Training	Disaster Risk Reduction and Management	Security Laboratory /Cloud Computing Laboratory	Human Computer Interaction	Training	Training	Training	Simulation & Analysis Laboratory	Mechatronics Laboratory	Principles of Programming Languages	Project Work 1	Project Work 1	Training	Marketing Management 1	Business Policy	Labour Legislations	Training	Strategic Human Resource Management
D3 P1	Engineering Chemistry	Professional English I	Engineering Physics	Engineering Physics	Matrices and Calculus	Engineering Physics	Foundations of Data Science	Discrete Mathematics	Signals and Systems	Electromagnetic Fields	Theory of Machines	Engineering Thermodynamics	Transforms and Partial Differential Equtions	Digital Principles and Computer Organization	Compiler Design Laboratory	Cloud Computing	VLSI and Chip Design	Embedded Systems and Programming	Control Systems	Embedded Systems and IOMT	Advanced Construction Techniques	Metrology and Measurements	Human Computer Interaction	Supply Chain Management	Embedded and Real Time Systems	Power System Operation and Control	Green Building Design	Process Planning & Cost Estimation	Mechatronics	Advanced Data Structures and Algorithms	VLSI	Security Practices	Business Mathematics	Managerial Economics I	Principles of Insurance	Research Methodology	Merchant Banking and Financial Services	Strategic Management
D3 P2	Problem Solving and Python Programming	Engineering Physics	Engineering Chemistry	Problem Solving and Python Programming Laboratory	Engineering Physics	Matrices and Calculus	Digital Principles and Computer Organization	Data Structures and Algorithms	Control System	Electrical Machines 1	Fourier Series and Linear Programming	Transforms and Partial Differential Equations	Object Oriented Programming	Artificial Intelligence	Computer Networks Laboratory	Neutral Networks and Deep Learning	Transmission Lines and RF Systems	Computer Aided Inspection and Testing	Power Quality	Biomaterials	Construction Equipment and machinery	Refrigeration and Air Conditioning	Supply Chain Management	Human Computer Interaction	Antennas and Microwave Engineering	Total Quality Management	Railways,Airports, Docks and Harbour Engineering	Robotics	Mechatronics	Advanced Data Structures and Algorithms	Cloud Computing Techologies	Internet of Things and Cloud	Principles Of Accounting	Management Information System	Banking Theory and Practices	Financial Management II	International Business
D3 P3	Professional English I	Engineering Chemistry	Matrices and Calculus	Problem Solving and Python Programming Laboratory	Engineering Chemistry	Digital Principles and Computer Organization Laboratory / Object Oriented Programming Laboratory	Data Science Laboratory / Object Oriented Programming Laboratory	Signals and Systems	Electronic Devices and Circuits Laboratory	Soil Science Laboratory	Engineering Materials and Metallurgy	Object Oriented Programming Laboratory / Fundamentals of Electronic Devices and circuits Laboratory	Database Design and Management	Computer Networks Laboratory	Full Stack Web Development	IOT Based Systems Design	CNC Machine Tools and Programming	Power Electronics	Patient Safety,Standards and Ethics	Highway Engineering	Automobile Engineering	Principles Of Management	Supply Chain Management	Robotics	High Voltage Engineering	Structural Design and Drawing	Mechatronics	Process Planning & Cost Estimation	Advanced Data Structures and Algorithms	Sensors and Actuators	Blockchain Technologies	Foundation of Management	Business Law I	Environmental Science and Engineering	Income Tax	Organizational Design Change and Development	Accounts For Decision Making	Security Analysis and Portfolio Management
D3 P4	Matrices and Calculus	Problem Solving and Python Programming	Professional English I	Problem Solving and Python Programming	Physics-Chemistry Laboratory	Professional English I	Digital Principles and Computer Organization Laboratory / Object Oriented Programming Laboratory	Data Science Laboratory / Object Oriented Programming Laboratory	Electronic Devices and Circuits Laboratory	Electronic Devices and Circuits Laboratory	Soil Science Laboratory	Manufacturing Processes	Object Oriented Programming Laboratory / Fundamentals of Electronic Devices and circuits Laboratory	Data Exploration and Visualization	Computer Networks Laboratory	Distributed Computing	Wireless Sensor Network Design	computer Integrated Manufacturing	Hybrid Energy Technology	Hospital Management	Highway Engineering	Power Plant Engineering	Cryptography and Network Security	Cloud Computing	Antennas and Microwave Engineering	Power System Operation and Control	Structural Design and Drawing	Mechatronics	Data Practices	Cloud Computing Techologies	Internet of Things and Cloud	Basic Psychology	Cost Accounting	Organizational Behaviour	Data Analysis Laboratory II	Banking Financial Services Management	Industrial Relations and Labour Welfare
D3 P5	Physics-Chemistry Laboratory	Matrices and Calculus	Professional English I	Problem Solving and Python Programming	Problem Solving and Python Programming	Foundations of Data Science	Data Science Laboratory / Object Oriented Programming Laboratory	C Programming and Data Structures Laboratory / Electronic Devices and circuits Laboratory	Electrical Machines Laboratory 1	Unit Operations in Agricultural Processing	Computer Aided Machine Drawing	Anatomy and Human Physiology	Digital Principles and Computer Organization Laboratory	Data Exploration and Visualization	Neutral Networks and Deep Learning	Full stack Web Development	Wireless Communication Laboratory	Robot and Machine Elements Design	Control and Instrumentation Laboratory	Embedded Systems and IOMT	Foundation Engineering	Design of Machine Elements	Cloud Computing	Security Laboratory /Cloud Computing Laboratory	Advanced Communication Laboratory	Power System Simulation	Creative and Innovative Project	Mechatronics Laboratory	Simulation & Analysis Laboratory	Principles of Programming Languages	Project Work 1	Professional English I Language Laboratory	Computer Skills II Laboratory	Principles of Insurance	Strategic Management	Seminar VI	Business Communication Laboratory	Banking and Financial Services
D3 P6	Physics-Chemistry Laboratory	Training	Problem Solving and Python Programming Laboratory	Matrices and Calculus	Tamil	Professional English I	Data Science Laboratory / Object Oriented Programming Laboratory	C Programming and Data Structures Laboratory / Electronic Devices and circuits Laboratory	Electrical Machines Laboratory 1	Surveying and Levelling	Computer Aided Machine Drawing	Anatomy and Human Physiology	Digital Principles and Computer Organization	Computer Networks	Full stack Web Development Laboratory	Wireless Communication Laboratory	Robot Path Planning and Programming	Control and Instrumentation Laboratory	Disaster Risk Reduction and Management	Design of Reinforced Concrete Structural Elements	Training	Design of Machine Elements	Security Laboratory /Cloud Computing Laboratory	Advanced Communication Laboratory	Power System Simulation	Creative and Innovative Project	Mechatronics Laboratory	Simulation & Analysis Laboratory	Disaster Management	Professional English I Language Laboratory	Computer Skills II Laboratory	Applied Operation Research II	Operations Management II	Managerial Behaviour and Effectiveness	Business Communication Laboratory	Strategic Human Resource Management
D3 P7	Physics-Chemistry Laboratory	Tamil	Engineering Chemistry	Training	Engineering Chemistry	Data Science Laboratory / Object Oriented Programming Laboratory	Foundations of Data Science	Principles of Soil Science and Engineering	Training	Training	Anatomy and Human Physiology	Digital Principles and Computer Organization	Computer	Cloud Computing Laboratory	Wireless Communication Laboratory	Training	Disaster Risk Reduction and Management	Training	Training	Power Plant Engineering	Training	Security Laboratory /Cloud Computing Laboratory	Advanced Communication Laboratory	Power System Simulation	Training	Mechatronics Laboratory	Training	Data Practices	Project Work 1	Project Work 1	Indian Economy	Training	Training	Training	Stress Management	Training	Training
D4 P1	Engineering Physics	Problem Solving and Python Programming	Matrices and Calculus	Engineering Chemistry	Problem Solving and Python Programming	Engineering Chemistry	Discrete Mathematics	Foundations of Data Science	Random Processes and Linear Algebra	Electronic Devices and Circuits	Principles of Soil Science and Engineering	Fluids Mechanics and Machinery	Anatomy and Human Physiology	Design and Analysis of Algorithms	Web Technologies	Neutral Networks and Deep Learning	IOT Based Systems Design	Robot Path Planning and Programming	HVDC and FACTS	Biomaterials	Foundation Engineering	Metrology and Measurements	Supply Chain Management	Cloud Computing	Optical Communication	Renewable Energy Systems	Estimation,Costing and Valuation Engineering	Robotics	Non Destructive & Testing Evaluation	Data Practices	VLSI	Blockchain Technologies	Business Mathematics	Business Law I	Applied Operation Research II	Income Tax	Security Analysis and Portfolio Management	Entrepreneurship Development	International Business
D4 P2	Professional English I	Physics-Chemistry Laboratory	Matrices and Calculus	Engineering Physics	Problem Solving and Python Programming	Problem Solving and Python Programming	Digital Principles and Computer Organization	Digital Principles and Computer Organization	Signals and Systems	C Programming and Data Structures	Theory of Machines	Fluids Mechanics and Machinery	Object Oriented Programming	Data Exploration and Visualization	Compiler Design	Embedded Systems and IoT	Wireless Communication	Computer Aided Inspection and Testing	Power Quality	Patient Safety,Standards and Ethics	Construction Equipment and machinery	Power Plant Engineering	Principles Of Management	Supply Chain Management	Antennas and Microwave Engineering	Disaster Management	Green Building Design	Non Destructive & Testing Evaluation	Process Planning & Cost Estimation	PCB Design	Security Practices	Basic Psychology	Management Information System	Environmental Science and Engineering	Research Methodology	Professional Skill Development	Managerial Economics	Financial Management
D4 P3	Tamil	Physics-Chemistry Laboratory	Professional English I	Professional English I	Problem Solving and Python Programming	Data Structures and Algorithms Laboratory / Object Oriented Programming Laboratory	Control System	Probability and Complex Functions	Fluid Mechanics and Pumps	Engineering Thermodynamics	Fundamentals of Electronic Devices and Circuits Laboratory / Sensors and Measurements	Discrete Mathematics	Neutral Networks and Deep Learning	Embedded Systems and IoT	VLSI and Chip Design	Robot and Machine Elements Design	Hybrid Energy Technology	Embedded Systems and IOMT	Structural Analysis 1	Design of Machine Elements	Cryptography and Network Security	Cryptography and Network Security	Robotics	High Voltage Engineering	Railways,Airports, Docks and Harbour Engineering	Non Destructive & Testing Evaluation	Non Destructive & Testing Evaluation	Network Technologies	Project Work 1	Data Visualization Techniques	Professional English I	Marketing Management I	Business Policy	Data Analysis Laboratory II	Statistics for Management	Banking and Financial Services
D4 P4	Matrices and Calculus	Physics-Chemistry Laboratory	Problem Solving and Python Programming	Matrices and Calculus	Problem Solving and Python Programming Laboratory	Tamil	Foundations of Data Science	Object Oriented Programming Laboratory	Digital Logic Circuits	Fourier Series and Linear Programming	Engineering Materials and Metallurgy	Fundamentals of Electronic Devices and Circuits Laboratory / Sensors and Measurements	Artificial Intelligence	Cryptography and Cyber Security	Embedded Systems and IoT	IOT Based Systems Design	Robot and Machine Elements Design	Hybrid Energy Technology	Embedded Systems and IOMT	Structural Analysis 1	Design of Reinforced Concrete Structural Elements	Automobile Engineering	Cloud Computing	Cloud Computing	Antennas and Microwave Engineering	Power System Operation and Control	Structural Design and Drawing	Process Planning & Cost Estimation	Power Plant Engineering	Data Practices	VLSI	Security Practices	Principles Of Accounting	Managerial Economics I	Seminar II	Data Analysis Laboratory II	Organizational Design Change and Development	Strategic Management
D4 P5	Problem Solving and Python Programming Laboratory	Professional English I	Engineering Chemistry	Matrices and Calculus	Professional English I	Physics-Chemistry Laboratory	Data Sciences Laboratory / Object Oriented Programming Laboratory	Object Oriented Programming	C Programming and Data Structures Laboratory / Electronic Devices and Circuits Laboratory	Unit Operations in Agricultural Processing	Manufacturing Technology Laboratory	Fundamentals of Electronic Devices and Devices	Digital Principles and Computer Organization	Neutral Networks and Deep Learning	Cloud Computing Laboratory	Wireless Sensor Network Design	Industrial Automation Laboratory	Power Electronics	Hospital Management	Advanced Construction Techniques	Human Computer Interaction	Embedded and Real Time Systems	Renewable Energy Systems	Creative and Innovative Project	Power Plant Engineering	Technical Seminar	Advanced Data Structures and Algorithms	Project Work 1	Professional English I Language Laboratory	Computer Skills II Laboratory	Data Analysis Laboratory I	Labour Legislations	Managerial Behaviour and Effectiveness	Seminar	Creativity and innovation Laboratory

		Col1	Col2	Col3	Col4	Col5	Col6
	P6	Problem Solving and Python Programming Laboratory	Engineering Chemistry	Tamil	Problem Solving and Python Programming	Matrices and Calculus	Physics-Chemistry Laboratory
	P7	Problem Solving and Python Programming Laboratory	Engineering Physics	Professional English I	Training	Engineering Chemistry	Physics-Chemistry Laboratory

Note: This page contains an extremely large and dense academic timetable/course matrix with approximately 40 columns spanning multiple subject areas (Problem Solving and Python Programming, Engineering Chemistry, Tamil, Matrices and Calculus, Physics-Chemistry Laboratory, Data Structures, Object Oriented Programming, Discrete Mathematics, C Programming, Electromagnetic Fields, Unit Operations, Manufacturing Technology, Electric Circuit Analysis, Database Design and Management, Cryptography and Cyber Security, Cloud Computing, Transmission Lines and RF Systems, Industrial Automation, Hybrid Energy Technology, Biomaterials, Climate Change Adaptation and Mitigation, Metrology and Dynamics, Supply Chain Management, Security Laboratory/Cloud Computing, Adhoc and Wireless Sensor Networks, Renewable Energy Systems, Creative and Innovative Project, Process Planning & Cost Estimation, Mechatronics, Applied Probability and Statistics, Project Work 1, Professional English I, Computer Skills II, Data Analysis Laboratory I, Financial Management II, Stress Management, Seminar, Creativity and Innovation Laboratory, and others).

The matrix is organized into two main semester groups labeled "05" and "06", each containing periods P1 through P7. Due to the extreme density and small size of the text across the full grid, faithful cell-by-cell transcription with accurate column alignment cannot be reliably performed.

Loyola INSTITUTE OF TECHNOLOGY AND SCIENCE

(Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai)

Loyola Nagar, P.B. No. 2, Thovalai Post – 629 302, Kanyakumari Dist. Tamilnadu

MASTER TIME TABLE (2023-2024 ODD SEMESTER)

Division	B.E I Year						B.E II Year								B.E III Year								B.E IV Year							ME			INTG MBA					MBA	
	Sec A	Sec B	Sec C	Sec D	Sec E	Sec F	CSE	IT	ECE	EEE	AGRI	MECH	BME	AD	CSE	IT	ECE	RM	EEE	BME	CIVIL	MECH	CSE	IT	ECE	EEE	CIVIL	MECH-A	MECH-B	I Yr CSE	II Yr AE	CSE	I Year	II Year	III Year	IV Year	V Year	I Year	II Year

(Full period-by-period timetable grid — B.E, ME, INTG MBA and MBA programmes, periods P1–P7 across multiple day blocks. Dense subject allocations per section/branch.)

P6	Problem Solving and Python Programming Laboratory	Engineering Chemistry	Tamil	Problem Solving and Python Programming	Matrices and Calculus	Physics-Chemistry Laboratory	Data Sciences Laboratory / Object Oriented Programming Laboratory	Discrete Mathematics	C Programming and Data Structures Laboratory / Electronic Devices and Circuits Laboratory	Electromagnetic Fields	Unit Operations in Agricultural Processing Laboratory	Manufacturing Technology Laboratory	Electric Circuit Analysis	Database Design and Management	Cryptography and Cyber Security	Cloud Computing Laboratory	Transmission Lines and RF Systems	Industrial Automation Laboratory	Hybrid Energy Technology	Biomaterials	Climate Change Adaptation and Mitigation	Metrology And Dynamics Laboratory	Supply Chain Management	Security Laboratory /Cloud Computing Laboratory	Adhoc and Wireless Sensor Networks	Renewable Energy Systems Laboratory	Creative and Innovative Laboratory	Process Planning & Cost Estimation	Mechatronics	Applied Probability and Statistics	Project Work 1	Project Work 1	Professional English I Language Laboratory	Computer Skills II Laboratory	Data Analysis Laboratory I	Financial Management II	Stress Management	Seminar	Creativity and Innovation Laboratory
P7	Problem Solving and Python Programming Laboratory	Engineering Physics	Professional English I	Training	Engineering Chemistry	Physics-Chemistry Laboratory	Data Sciences Laboratory / Object Oriented Programming Laboratory	Training	Training	Training	Unit Operations in Agricultural Processing Laboratory	Engineering Thermodynamics	Training	TRAINING	Distributed Computing	Cloud Computing Laboratory	Training	Industrial Automation Laboratory	Training	Embedded Systems and IOMT	Advanced Construction Techniques	Training	Training	Security Laboratory /Cloud Computing Laboratory	Training	Renewable Energy Systems Laboratory	Library	Training	Training	Research Methodology and IPR	Project Work 1	Project Work 1	Training	Cost Accounting	Principles of Insurance	Research Methodology	Training	Legal Aspects of Business	Organizational Design Change and Development

Semester 05

P1	Professional English I	Matrices and Calculus	Problem Solving and Python Programming	Problem Solving and Python Programming	Engineering Chemistry	Problem Solving and Python Programming	Object Oriented Programming	Object Oriented Programming	Electronic Devices and Circuits	Electrical Machines 1	Surveying and Levelling	Engineering Materials and Metallurgy	Sensors and Measurements	Discrete Mathematics	Web Technologies Laboratory	Cloud Computing	IoT Based Systems Design	computer Integrated Manufacturing	Power System Analysis	Diagnostic and Therapeutic Equipment	Design of Reinforced Concrete Structural Elements	Automobile Engineering	Principles Of Management	Human Computer Interaction	Antennas and Microwave Engineering	Total Quality Management	Structural Design and Drawing	Mechatronics	Robotics	Data Practices Laboratory	PCBD Laboratory	Blockchain Technologies	Professional English I	Management Information System	Banking Theory and Practices	Strategic Management	Professional Skill Development Laboratory	Statistics for Management	Banking and Financial Pyth Services
P2	Matrices and Calculus	Problem Solving and Python Programming Laboratory	Physics-Chemistry Laboratory	Engineering Chemistry	Tamil	Engineering Physics	Foundations of Data Science	Data Structures and Algorithms	Electromagnetic Fields	Principles of Soil Science and Engineering	Fluids Mechanics and Machinery	Transforms and Partial Differential Equtions	Design and Analysis of Algorithms	Neutral Networks and Deep Learning Laboratory	Computer Networks	Wireless Communication	Embedded Systems and Programming Laboratory	Control Systems	Foundation Engineering	Patient Safety,Standards and Ethics	Metrology and Measurements	Cryptography and Network Security	Principles Of Management	Optical Communication	High Voltage Engineering	Structural Design and Drawing	Robotics	Process Planning & Cost Estimation	Data Practices Laboratory	PCBD Laboratory	Security Practices	Business Mathematics	Cost Accounting	Business Policy	Labour Legislations	Professional Skill Development Laboratory	Accounts For Decision Making	Security Analysis and Portfolio Management
P3	Problem Solving and Python Programming	Problem Solving and Python Programming Laboratory	Physics-Chemistry Laboratory	Tamil	Professional English I	Matrices and Calculus	Object Oriented Programming Laboratory / Data Sciences Laboratory	Random Processes and Linear Algebra	C Programming and Data Structures Laboratory	Fluid Mechanics Laboratory	Transforms and Partial Differential Equations	Object Oriented Programming Laboratory / Sensors and Measurement Laboratory	Data Exploration and Visualization	Distributed Computing	Distributed Computing	Transmission Lines and RF Systems	Embedded Systems and Programming Laboratory	Control Systems	Diagnostic and Therapeutic Equipment	Climate Change Adaptation and Mitigation	Refrigeration and Air Conditioning	Cloud Computing	Cryptography and Network Security	Embedded and Real Time Systems	Renewable Energy Systems	Green Building Design	Power Plant Engineering	Mechatronics	Network Technologies	Sensors and Actuators	Data Visualization Techniques	Foundation of Management	Business Statistics II	Data Analysis Laboratory I	Operations Management II	Managerial Behaviour and Effectiveness	Managerial Economics	Financial Management
P4	Engineering Physics	Problem Solving and Python Programming Laboratory	Physics-Chemistry Laboratory	Professional English I	Engineering Physics	Professional English I	Object Oriented Programming Laboratory / Data Sciences Laboratory	Digital Systems Design	C Programming and Data Structures Laboratory	Fluid Mechanics Laboratory	Manufacturing Processes	Object Oriented Programming Laboratory / Sensors and Measurement Laboratory	Artificial Intelligence	Computer Networks	Embedded Systems and IoT	VLSI and Chip Design	Embedded Systems and Programming Laboratory	HVDC and FACTS	Hospital Management	Structural Analysis 1	Design of Machine Elements	Human Computer Interaction	Human Computer Interaction	Optical Communication	Disaster Management	Railways,Airports, Docks and Harbour Engineering	Simulation & Analysis Laboratory	Power Plant Engineering	Advanced Data Structures and Algorithms	Cloud Computing Technologes	Internet of Things and Cloud	Indian Economy	Marketing Management I	Organizational Behaviour	Seminar IV	Seminar IV	Merchant Banking and Financial Services	Legal Aspects of Business	Organizational Design Change and Development
P5	Engineering Chemistry	Tamil	Business Training	Physics-Chemistry Laboratory	Matrices and Calculus	Physics-Chemistry Laboratory	Foundations of Data Science	Data Sciences	C Programming and Data Structures Laboratory / Electronic Devices and Circuits Laboratory	Digital Logic Circuits	Surveying and Levelling Laboratory	Manufacturing Technology Laboratory	Anatomy and Human Physiology	Database Design and Management Laboratory	Compiler Design	Neutral Networks and Deep Learning Learning	Wireless Communication	Robot Path Planning and Programming	Power Electronics Laboratory	Embedded Systems and IOMT Laboratory	Highway Engineering Laboratory	Metrology and Measurements	Security Laboratory /Cloud Computing Laboratory	Principles Of Management	Advanced Communication Laboratory	Renewable Energy Systems Laboratory	Creative and Innovative Project	Simulation & Analysis Laboratory	Mechatronics Laboratory	Network Technologies	Project Work 1	Project Work 1	Principles of Accounting	Managerial Economics I	Seminar II	Seminar IV	Merchant Banking and Financial Services	Business Communication Laboratory	Creativity and Innovation Laboratory
P6	Matrices and Calculus	Training	Tamil	Physics-Chemistry Laboratory	Training	Physics-Chemistry Laboratory	Discrete Mathematics	Data Structures and Algorithm	C Programming and Data Structures Laboratory / Electronic Devices and Circuits Laboratory	Probability and Complex Functions	Surveying and Levelling Laboratory	Manufacturing Technology Laboratory	Fundamentals of Electronic and Devices	Database Design and Management Laboratory	Web Technologies	Neutral Networks and Deep Learning Learning	Radar Technology	Computer Aided Inspection and Testing	Power Electronics Laboratory	Embedded Systems and IOMT Laboratory	Highway Engineering Laboratory	Metrology and Measurements	Security Laboratory /Cloud Computing Laboratory	Supply Chain Management	Advanced Communication Laboratory	Renewable Energy Systems Laboratory	Creative and Innovative Project	Simulation & Analysis Laboratory	Mechatronics Laboratory	Principles of Programming Languages	Project Work 1	Project Work 1	Professional English I	Marketing Management I	Seminar II	Seminar IV	Banking Financial Service Management	Business Communication Laboratory	Creativity and Innovation Laboratory
P7	Training	Problem Solving and Python Programming	Engineering Chemistry	Physics-Chemistry Laboratory	Problem Solving and Python Programming	Physics-Chemistry Laboratory	Training	Training	Digital Systems Design	Training	Training	Engineering Thermodynamics	Sensors and Measurements	TRAINING	Elements of Literature	Neutral Networks and Deep Learning Learning	Training	Training	Training	Embedded Systems and IOMT	Disaster Risk Reduction and Management	Training	Security Laboratory /Cloud Computing Laboratory	Training	Advanced Communication Laboratory	Renewable Energy Systems Laboratory	Library	Training	Mechatronics Laboratory	Library	Project Work 1	Project Work 1	Basic Psychology	Training	Training	Training	Seminar VI	Training	Creativity and Innovation Laboratory

Semester 06

P1	Professional English I	Problem Solving and Python Programming	Professional English I	Tamil	Professional English I	Engineering Physics	Object Oriented Programming	Digital Principles and Computer Organization	Electronic Devices and Circuits	Probability and Statistics	Unit Operations in Agricultural Processing	Transforms and Partial Differential Equations	Sensors and Measurements	Design and Analysis of Algorithms	Web Technologies Laboratory	Embedded Systems and IoT	Wireless Sensor Network Design	Robot and Machine Elements Design	Power Quality	Diagnostic and Therapeutic Equipment	Advanced Construction Techniques	Design of Machine Elements	Cryptography and Network Security	Security Laboratory /Cloud Computing Laboratory	Adhoc and Wireless Sensor Networks	Total Quality Management	Green Building Design	Power Plant Engineering	Robotics	Research Methodology and IPR	Cloud Computing Technologes	Blockchain Technologies						Managerial Economics	Financial Management
P2	Physics-Chemistry Laboratory	Professional English I	Problem Solving and Python Programming Laboratory	Matrices and Calculus	Problem Solving and Python Programming	Professional English I	Discrete Mathematics	Object Oriented Programming	Control System	Electromagnetic Fields	Fourier Series and Linear Programming	Manufacturing Processes	Transforms and Partial Differential Equations	Discrete Mathematics	Web Technologies Laboratory	Computer Networks	VLSI and Chip Design	Embedded Systems and Programming	Control Systems	Patient Safety,Standards and Ethics	Design of Reinforced Concrete Structural Elements	Power Plant Engineering	Supply Chain Management	Security Laboratory /Cloud Computing Laboratory	Robotics	Power Systems Operation and Control	Estimation,Costing and Valuation Engineering	Mechatronics	Process Planning & Cost Estimation	Disaster Management	Sensors and Actuators	Data Visualization Techniques						Statistics for Management	Strategic Human Resource Management
P3	Physics-Chemistry Laboratory	Matrices and Calculus	Problem Solving and Python Programming Laboratory	Engineering Chemistry	Professional English I	Matrices and Calculus	Object Oriented Programming Laboratory / Data Sciences Laboratory	Discrete Mathematics	C Programming and Data Structures Laboratory	Fluid Mechanics and Pumps	Engineering Thermodynamics	Object Oriented Programming Laboratory / Fundamentals of Electronic Devices and circuits Laboratory	Database Design and Management	Cryptography and Cyber Security	Full Stack Web Development	IOT Based Systems Design	CNC Machine Tools and Programming	HVDC and FACTS	Diagnostic and Therapeutic Equipment	Highway Engineering Laboratory	Metrology and Measurements	Cloud Computing	Principles Of Management	Embedded and Real Time Systems	Renewable Energy Systems	Structural Design and Drawing	Robotics	Non Destructive & Testing Evaluation	Advanced Data Structures and Algorithms	Project Work 1	Project Work 1						Accounts For Decision Making	Industrial Relations and Labour Welfare
P4	Physics-Chemistry Laboratory	Matrices and Calculus	Problem Solving and Python Programming Laboratory	Training	Engineering Physics	Problem Solving and Python Programming	Object Oriented Programming Laboratory / Data Sciences Laboratory	Data Structures and Algorithms	Signals and Systems	C Programming and Data Structures Laboratory	Theory of Machines	Fluids Mechanics and Machinery	Object Oriented Programming Laboratory / Fundamentals of Electronic Devices and circuits Laboratory	Artificial Intelligence	Distributed Computing	Elements of Literature	VLSI and Chip Design	Robot Path Planning and Programming	Power System Analysis	Hospital Management	Highway Engineering Laboratory	Power Plant Engineering	Human Computer Interaction	Cryptography and Network Security	Optical Communication	High Voltage Engineering	Railways,Airports, Docks and Harbour Engineering	Technical Seminar	Mechatronics	Disaster Management	Project Work 1	Project Work 1						Accounts For Decision Making	Security Analysis and Portfolio Management
P5	Training	Engineering Chemistry	Training	Problem Solving and Python Programming Laboratory	Physics-Chemistry Laboratory	Engineering Chemistry	Digital Principles and Computer Organization	Digital Principles and Computer Organization Laboratory	Random Processes and Linear Algebra	C Programming and Data Structures	Soil Science Laboratory	Computer Aided Machine Drawing	Database Design and Management Laboratory	Web Technologies	Computer Networks Laboratory	Disaster Risk Reduction and Management	Industrial Automation Laboratory	Power Electronics Laboratory	Embedded Systems and IOMT Laboratory	Structural Analysis 1	Metrology And Dynamics Laboratory	Security Laboratory /Cloud Computing Laboratory	Cryptography and Network Security	Embedded Laboratory	Renewable Energy Systems	Creative and Innovative Project	Mechatronics Laboratory	Technical Seminar	Applied Probability and Statistics	Project Work 1	Project Work 1						Management Concepts and Organizational Behaviour	Strategic Human Resource Management
P6	Tamil	Physics	Problem Solving and Python Programming	Problem Solving and Python Programming Laboratory	Physics-Chemistry Laboratory	Matrices and Calculus	Data Sciences	Digital Principles and Computer Organization laboratory	Random Processes and Linear Algebra	Electronics Devices and Circuits	Soil Science Laboratory	Computer Aided Machine Drawing	Object Oriented Programming	Database Design and Management Laboratory	Compiler Design	Computer Networks Laboratory	Radar Technology	Industrial Automation Laboratory	Power Electronics Laboratory	Embedded Systems and IOMT Laboratory	Climate Change Adaptation and Mitigation	Metrology And Dynamics Laboratory	Security Laboratory /Cloud Computing Laboratory	Principles Of Management	Embedded Laboratory	Disaster Management	Creative and Innovative Project	Mechatronics Laboratory	Technical Seminar	Applied Probability and Statistics	Project Work 1	Project Work 1						Seminar	Banking and Financial Services
P7	Engineering Chemistry	Professional English I	Engineering Physics	Problem Solving and Python Programming Laboratory	Physics-Chemistry Laboratory	Training	Foundations of Data Science	Digital Principles and Computer Organization laboratory	Training	Electrical Machines 1	Training	Training	Training	TRAINING	Training	Computer Networks Laboratory	Training	Training	Training	Embedded Systems and IOMT	Library	Refrigeration and Air Conditioning	Security Laboratory /Cloud Computing Laboratory	Training	Embedded Laboratory	Training	Library	Mechatronics Laboratory	Training	Principles of Programming Languages	Project Work 1	Project Work 1						Management Concepts and Organizational Behaviour	Training
